BIG DREDGER NEAR DAYTON

Manuel King of Dayton, who has charge of some of the construction work in relation to the big dredging plant that is to be installed in the old placer diggings, spent a portion of yesterday in this city.

He states that the work is progressing as well as can be expected and that the work of digging the pit for the dredging plant will be started immediately. The running of a spur track to the first pond is about finished and such material as necessary has been sent to the ground. The shipments of machinery will be coming along as soon as the pit or pond is completed and the boat is built.

This is probably one of the largest undertakings in western Nevada, as it will involve the expenditure of a fortune before the wheels have turned.

The acreage to be dredged is the largest gold bearing area known in the state and was the original find of the pioneers in their seeking for placer gold on this side of the mountains.

The people backing this undertaking know their business, as they are successfully operating dredgers of the same type in several districts.

A number of attempts have been made to dredge along the river, all of which have failed owing to the character of the bed rock and the small capacity of the plants. This moving inland, as is done in California with a big boat, is an innovation in Nevada and when it is in operation should be a going concern for many years to come.

It is not expected to start dredging before spring—Carson News.

FIRST FROST IN RENO.

There was a light frost Friday morning in Reno and in some places pans of water in chicken yards were covered with a thin cake of ice.

PERSONAL

MARK BRADSHAW, the mining engineer, is looking over a property in Fish Lake valley. He is accompanied by P. F. Tighe.

MRS. I. TASEM and little son, Marvin, returned this morning from Salt Lake and San Francisco where they have been visiting for the past three months.

LEE MERTEN was a passenger last evening for Phoenix, Ariz., where he has secured employment. Mr. Merten was one of the best shaftmen in the district and made a record on the Crescent shaft.

MRS. J. W. STEWART left by auto this afternoon for Bridgeport. I. P. CARPENTER, superintendent of the mines and mill at Grantsville, arrived last evening.

MRS. ELBERT O'CONNELL and two children will arrive home tomorrow morning from San Francisco where they have been since early in July.

Apropos of the "envelope chemise" aren't we approaching the days of the postage-stamp suit?

What has become of the old fashioned husband who came home and said, "I have tickets for a show to-night, dear?"

Mayor Hanson has forsaken Seattle's city hall. Can it be that he is about to embark on a search for "The Better Ole?"

Blake's jazz orchestra at the Airdome tonight. Sept 6-11

APPLICATION NO. 5082

NOTICE OF APPLICATION FOR PERMISSION TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA.

Notice is hereby given that on the 21st day of August, 1919, in accordance with Section 59, Chapter 140, of the Statutes of 1913, T. H. CHAMBERLAIN and J. J. VIGOR, of Beatty, County of Nye, and State of Nevada, made application to the State Engineer of Nevada for permission to appropriate the public waters of the State of Nevada. Such appropriation is to be made from Big Grant Spring, at a point in the SW 1/4 of Sec. 20, T. 11 S., R. 48 E., M. D. B. & M. by means of pipes and one fourth by means of SW 1/4 Sec. 20, T. 11 S., R. 48 E., M. D. B. & M. by means of pipes and troughs and there used for stock watering purposes. Water not to be returned to stream.

Signed: T. H. CHAMBERLAIN, State Engineer

TONOPAH & GOLDFIELD RAILROAD COMPANY

ANNOUNCEMENT!

Pending the outcome of the present labor situation, we have decided to suspend our "public call" which has been held at 8:30 o'clock every evening. We are prompted to do this as the public mind is centered upon the strike situation and the uncertainty of its settlement and, therefore, are thinking more of their immediate necessities rather than speculation.

We believe the present labor dispute will soon be amicably settled. There is too much at stake for differences to exist long. The public call is a great success and under ordinary conditions Tonopah will make the quotations for New York and San Francisco.

We have come to Tonopah to stay; we believe the future of the Divide District is assured. No other mining district so far developed has shown such extensive high grade ore in so short a time.

Nevada from a mining standpoint is yet unknown and its possibilities prodigious.

We thank the public for their interest in our "public call" and assure them it will be resumed. Our San Francisco, New York, Philadelphia and Southern connections enable us to promptly execute your orders in all markets. We will continue to operate our brokerage department and will be in a position to give you service on your buying and selling orders unexcelled by other brokerage firms.
